Summary Methodology • Analytical Framework, Concepts, Definitions, and Classifications • Scope of the data • Accounting Conventions • Nature of the Basic Data Sources • Compilation Practices	<p>This table displays currency breakdown of payments on import from Japan. Data are presented in the form of percentage share of each currency to the total import value.</p> <p>Data for the years 1993 - 1996 are obtained from F.T.2 form (foreign transaction report form for imports exceeding the equivalent of 500,000 baht in value), which importers have submitted to the Bank of Thailand through Customs offices. Data for the years 1997 - 2003 are also obtained from F.T.2 form, but the threshold has been adjusted to the equivalent of 20,000 US dollars. For the years 2004 - present, the data are obtained from the Customs.</p> <p>The principle of "passive confidentiality" is applied; i.e., data would be suppressed at the request of entities who are concerned that their interests would be harmed by the level of detail disseminated.</p>
