No. 127/2000

Re: Revision to the rules on asset revaluation to be eligible for the inclusion in 2nd tier capital funds

Bank of Thailand issued the Notification of the Bank of Thailand Re: Real estate revaluation to be eligible for the inclusion in 2nd tier capital funds for commercial banks and the Notification of the Bank of Thailand Re: Real estate revaluation to be eligible for the inclusion in 2nd tier capital funds for finance companies, both dated 30th October B.E. 2543.

Major revisions of the Notifications include replacing the regulations on revaluation of real estates for the inclusion of incremental value in 2nd tier capital funds, accounting methods, and the application period so that they are in line with current accounting guidelines. Also included are the added guidelines for financial institutions to deduct the decreased value of real estates, if any, from the previous increase in real estates value included in capital funds. The detail is available on the Bank of Thailand's website. The Bank of Thailand will hold a meeting with financial institutions to discuss details of the Notifications on 29th November B.E. 2543.
