

Building Ecosystem for Responsible Innovation

BOT Digital Finance Conference 2023

Digital Infrastructure for Businesses in Thailand

Sustainability and Inclusion

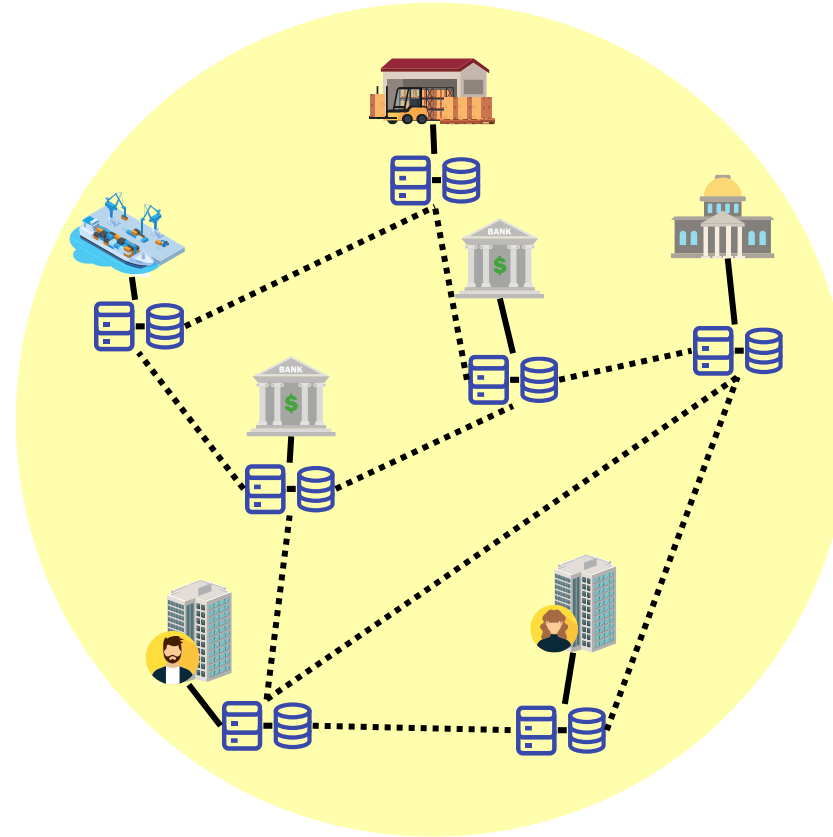

Fully Integrated Digital Supply Chain both data and process of Trade, Payment, Financing with Digital Identity supported by Legal Infrastructure

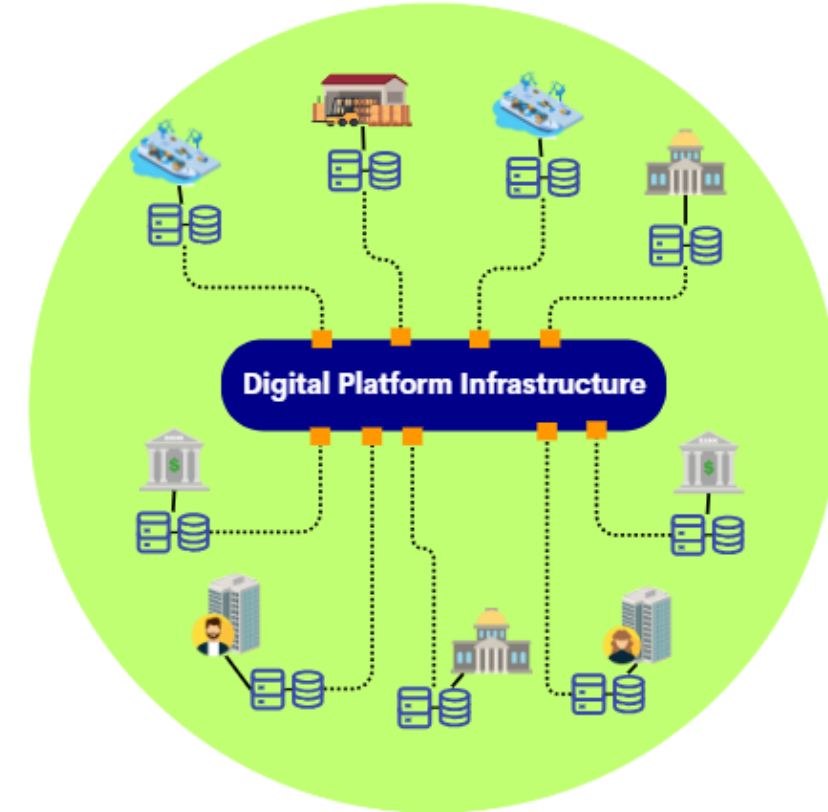

Gaps and Challenges

Involve multiple parties requires cross-collaboration

Several parties have their own systems using proprietary standard and point-to-point integratin

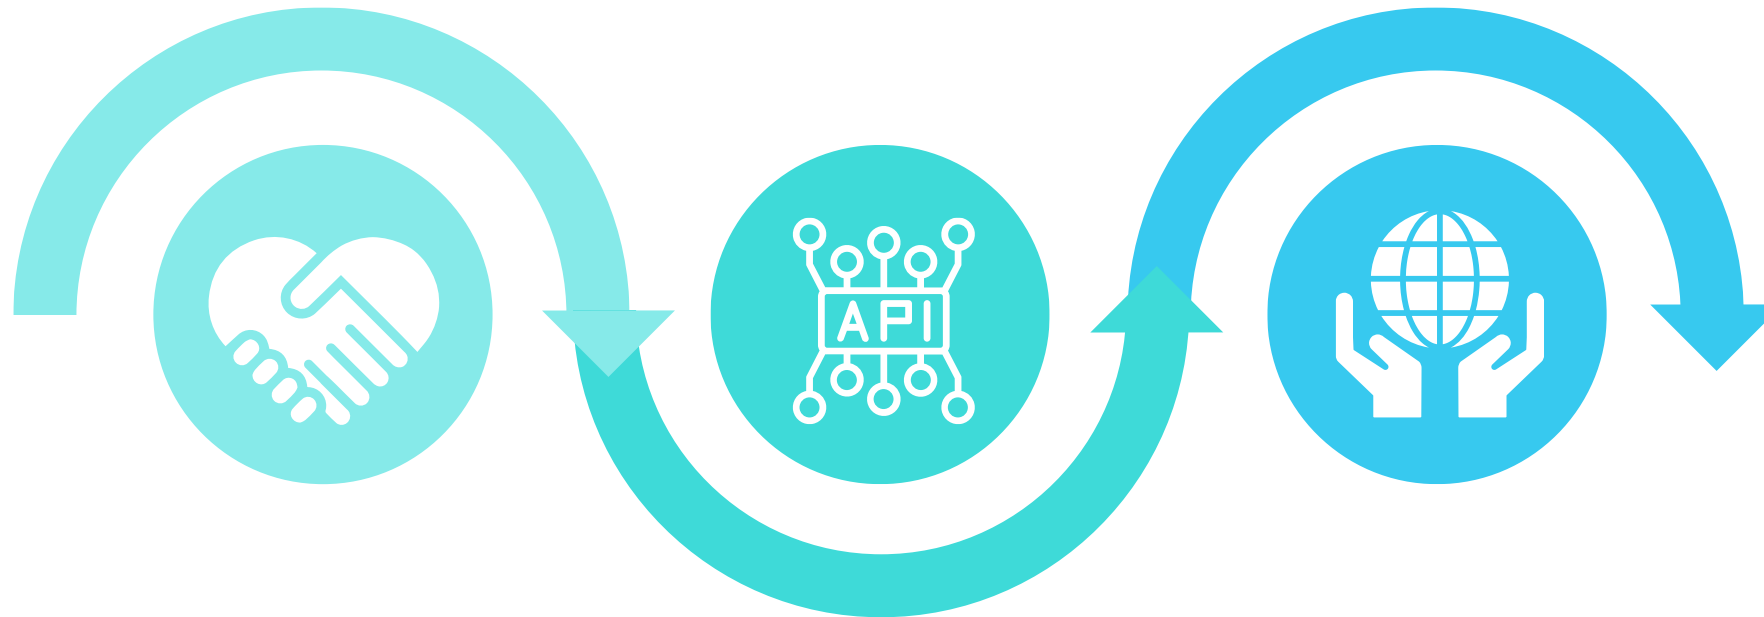

Connectivity with Open API and Standard to the Platform Ecosystems, linking all supply chain stakeholders

3C

as a key takeaway

Connectivity

Connecting through Open API

Collaboration

Collaborate with Open Minded

Common

Common Platform and Open Standard
